.....play faster and have more fun

Smokey Robinson (14.8 index) is standing on the tee at the Chattanooga Golf Club staring bleary-eyed at the 6676 yards on the scorecard from the Blue Tee for his grudge match with Country and Western star Rudy Gatlin (2.4 index). He coyly says to his opponent, "Rudy, you know what happens when you play a country and western song backwards?"

Answer: You get back your dog, your house, your gun rack, six cases of Bud, and your last three wives. Not wanting to deal with the latter Rudy agrees to move up to the Gentlemen Golds.
