Woodmont Country Club  
1201 Rockville Pike  
Rockville, MD 20852

Dear Members and The Keepers of Woodmont Country Club (WCC):

On behalf of everyone associated with Links to Freedom (L2F) golf programs (Wounded Warriors, their family members, cadre, GOLD STAR families, Army Warrior Transition Battalion, Volunteers, PGA/LPGA Professionals) please accept our sincere thanks and appreciation to your organization for the generous and gracious support provided in 2019! Your support has been critical to the success of Links to Freedom and has made it possible to provide our program to over 250 wounded, ill, and injured military service members. We could not have had such overwhelming success without The Keepers and Woodmont Country Club!

By every measure and comment, L2F Fort Belvoir and Joint Base Andrews programs have been a significant factor in assisting the Warriors and their family members in the healing process as they transition back into either the active force structure or civilian life. We certainly could not have done it without the backing of WCC. A special thanks to Mr. Moe Dweck, The Keepers, and Connor Farrell, PGA who were wonderful throughout the year and we truly thank them for their outstanding efforts!

For many reasons, the game of golf has unique benefits that assists in the long-term recovery of our nation's heroes. All at WCC should be proud of the profound impact you have had on our participants lives.

Best wishes to WCC and its members, and we look forward to working together in 2020.

Thank you again for your amazing show of generosity and friendship.

Warm regards,

Steve Greiner, PGA  
Executive Director
